

*I can't
WAIT!*

free to enjoy life

An evening out with friends should leave you dying of laughter—not of a heart attack caused from breathing secondhand tobacco smoke.

*Expect smoke-free
hangouts.*

In Montana alone, an estimated 200 lives are lost every year due to secondhand tobacco smoke. Two-hundred friends, family members and loved ones too many.

That's why Montanans support smoke-free public places.

expect smoke-free
hangouts
